Dear Prospective Contributor,

Thank you for your interest in the Just Grace 'Sponsor a Learner Programme'. We rely on the support of individual sponsors in order to fund the Programme and view these contributions as essential in order to achieve our objectives. We are passionate about changing the lives of the less fortunate in South Africa and we are certain that education is the tool through which to do this.

Just Grace is a registered NPC (2012/205872/08) with the over-arching objective of poverty alleviation. Our Education Programme aims to improve the lives of South Africans by providing underprivileged learners with tutoring, mentorship, career guidance, job readiness training and other necessary skills to prepare them for their prospective workplaces.

Our tutoring sessions take place on Saturday mornings and are aimed at refining and revising what the students have already been taught by their teachers, as well as covering any crucial foundational concepts with which the students may be struggling.

Our career guidance is an on-going process that includes a Career Day once a year. We feel it is vital for our learners to be well-informed in this area so that they can make a wise career choice that suits them. Showing learners what options are available to them can also motivate them to work diligently towards their goals.

The job readiness training aims to ensure that the learners are computer literate, have good interview skills, and are comfortable with compiling their own CVs.

Last year marked the successful launch of the Just Grace Education Program. Thirty five grade 10 learners from Isilimela High School entered our Programme. In 2014 we take on a new set of thirty-five grade 10 learners and continue to journey with this year's grade 11 Just Grace Stars. We feel that we have two wonderful groups of learners and are excited to see them grow and excel throughout the rest of the programme.

By sponsoring a child you will be making it possible for Just Grace to ensure that the learners have the best possible experience in the programme. Depending on their grade, sponsoring a learner could include the funding of: textbooks and various workbooks that are used during Just Grace tutoring sessions, necessary stationery, printing costs and application fees to universities.

There are three options to choose from when considering the sponsorship of a learner:

- 1. Sponsor a learner for their grade 10, 11 and 12 years (the full Just Grace Programme).*
- 2. Sponsor a learner for one year (grade 10) with the possibility to re-new the sponsorship at the end of the year.*
- 3. Sponsor part of a learner's expenses.*

You are also welcome to sponsor multiple learners.

Please see the Cost Breakdown per learner below for more information in this regard, as well as information on the various methods of payment. Just Grace is tax exempt and is therefore able to issue S18 certificates on request.

Please do not hesitate to contact a member of the Just Grace Team should you require any additional information.

Kind Regards,

The Just Grace Team

Just Grace is a registered NPC (2012/205872/08) and is Level 4 BEE Compliant as an Exempt Micro Enterprise (EME13/01/009).
